2-6 YEARS

1-3 PERSONS-HOURS

Product Information

Product type Spring mobiles
 Certification EN-1176
 Dimensions 0,9 x 0,4 x 0,8 m
 (length x width x height)

Technical Information

Maximum fall height < 1 m
 Security zone 7 m²
 Number of children 1
 No concrete required
 No surface fixation available

Materials

HDPE polyethylene sheet material
 Special steel spring 20 mm thick
 All metal parts are treated against rust and polyester coated
 All nuts and bolts are fully shielded with flower-shaped protection caps
 Type of wood: padauk (tropical hardwood)
 Plastic handles and foot rests

Product Description

Spring mobile for children from 2 to 6 years. The spring mobile is made up of a polyester-coated spring that is mounted onto a galvanized ground fixation. On top, a figurative sitting element in the shape of a tortoise is mounted. The figures and the seats are made up of vandal-resistant and colourfast HDPE polyethylene. The spring is made of 20 mm thick spring steel. All metal parts are treated against rust and all nuts and bolts are completely covered with flower-shaped protection caps. The spring is designed so that you can never get clamped, not even at the heaviest load. The elasticity of the spring is calculated so that the movement comes to its right even for the little ones.
