|---------------|--|
| Product type  | Fairy Land                                     |
| Certification | EN-1176  |
| Dimensions    | 4,0 x 2,2 x 2,9 m<br>(length x width x height) |

### Technical Information

|                                     |                     |
|-------------------------------------|---------------------|
| Maximum fall height                 | < 1 m               |
| Security zone                       | 34,5 m <sup>2</sup> |
| Number of children                  | 10                  |
| No concrete required                |                     |
| Surface fixation available (ref. B) |                     |

### Materials

Type of wood: larch  
 10 cm thick round wooden poles cut outside the heart  
 All metal parts are polyester coated  
 HDPE polyethylene sheet material  
 Ropes in 16 mm polypropylene rope with steel-wire reinforcement  
 Stainless-steel slide with HDPE polyethylene sidewalls  
 Handles in plastic  
 Flower-shaped protection caps  
 Galvanized metal base supports

### Product Description

Colorful combination playground equipment for children aged 2 to 6. The playground equipment consists of a playhouse with a platform height of 93 cm, from which a stainless-steel slide with HDPE polyethylene edges leaves. The playhouse can be accessed via an easy staircase with metal handrails. Below a play floor was arranged, on top there is a bench. The whole is covered with a two-fold roof from rounded colorful HDPE polyethylene panels. From the playhouse one can walk via an arched bridge with railings to a lower open platform. The lower platform can be ascended via a HDPE polyethylene climbing arch with wooden climbing holds and via a ladder with metal rungs. Various parts of the playground equipment are equipped with plastic handles that facilitate climbing. The roundwooden larch poles have a diameter of 10 cm and are fixed into or onto the ground using metal base supports.
