 All metal parts are polyester coated
 HDPE polyethylene sheet material
 Ropes in 16 mm polypropylene rope with steel-wire reinforcement
 Plastic slide
 Handles in plastic
 Flower-shaped protection caps
 Galvanized metal base supports

Product Description

Colorful playground equipment for children aged 2 to 6. The playground equipment consists of a playhouse with several platforms on different levels that are linked together using an arched bridge. The first part consists of 2 platforms one above the other. The upper platform is at 93 cm height and can be left via a plastic slide. The platform can be reached via an easy staircase with metal railings. The platform is equipped with a curved metal balustrade. Below a play floor was arranged. From the upper platform one can go to the lower platform by using the arched bridge with wooden railings. This lower platform has a height of 52 cm and is covered with a roof from rounded colorful HDPE polyethylene panels. It can be reached via a two-fold platform staircase with metal tube railings, a climbing arch, a mini-gliss and a HDPE polyethylene climbing arch with wooden climbing holds. Various parts of the playground equipment are equipped with plastic handles that facilitate climbing. The round wooden larch poles have a diameter of 10 cm and are fixed into or onto the ground using metal base supports.
