 Ropes and nets in 16 mm polypropylene rope with steel-wire reinforcement  
 Plastic slide  
 Handles and steering wheel in plastic  
 HDPE polyethylene crawl tunnel  
 Flower-shaped protection caps  
 Galvanized metal base supports

### Product Description

Colorful combination playground equipment for children aged 2 to 6. The playground equipment consists out of several platforms at different levels that are linked together using playful connection elements. The playground equipment consists of a playhouse with a platform height of 93 cm, from which a plastic slide leaves. The playhouse can be accessed via an easy staircase with metal handrails. Below a play floor was arranged, on top there is a bench. The whole is covered with a two-fold roof from rounded colorful HDPE polyethylene panels. From the playhouse one can crawl through a double-walled HDPE polyethylene tube to an open platform. The platform is equipped with a balustrade with colorful metal railings, on which a steering wheel is mounted that can be turned. The platform is accessible via a net climber and a two-fold platform staircase with metal tube railings. From a middle platform one can walk to a platform with a HDPE polyethylene roof via a quadrant bridge. The covered platform is equipped with a ladder with metal rungs, a climbing arch and a small fireman's pole. Various parts of the playground equipment are equipped with plastic handles that facilitate climbing. The roundwooden larch poles have a diameter of 10 cm and are fixed into or onto the ground using metal base supports.
