Product Description

Colorful playground equipment for children aged 3 to 6. The playground equipment consists out of three platforms one above the other. Beneath is a play floor where children can hide. The lowest platform is also equipped with an abacus with HDPE polyethylene discs. The upper platform can be reached via an easy staircase with metal railings, a climbing arch and a rock wall with plastic climbing grips. The platform is at 93 cm height and can be left via a plastic slide. The highest platform is at 1,91 m height and can be ascended via an incorporated spiral staircase. The upper platform is equipped with a curved metal balustrade with plastic steering wheel, a telescope and a spinning game. From the upper platform can be slid down via a metal spiral fireman's pole. The whole is covered with a two-fold roof from rounded colorful HDPE polyethylene panels. The roundwooden larch poles have a diameter of 10 cm and are fixed into or onto the ground using metal base supports.
