 All metal parts are treated against rust and polyester coated
 Galvanized base supports
 Climbing grips in plastic

Product Description

A colourful playground equipment for children aged 2 to 6. It is made out of a wooden floor and 1 platform, on 85 cm. This platform can be reached via an easy accessible wooden staircase. The floor shelves are 22 mm thick. The platform can be left via a stainless steel slide with HDPE polyethylene edges and via a spiral fireman's pole. The equipment comes preassembled with ground fixings and may be placed on grass. The 9 x 9 cm larch square posts are fixed into or onto the ground using metal base supports. This playground equipment has oak girders. All metal parts are treated against rust and all nuts and bolts are completely covered with flower-shaped protection caps.
