 Type of wood: ladder in oak, ladder rungs made out of ash wood
 HDPE polyethylene sheet material

Product Description

Free standing colourful stainless steel slide for children aged 2 to 4. The slide has coloured HDPE polyethylene edges. The slide with starting platform on 0,9 m consists of 1,5 mm thick stainless steel. The ladder consists out of ladder rungs made out of ash wood with coloured HDPE polyethylene edges. A metal safety bar is put on top of the starting platform for extra support. On top of the slide there is an image of a dino head made out of HDPE polyethylene plates. All metal parts are treated against rust and all nuts and bolts are fully covered with flower-shaped protection caps. The metal tubes are treated against rust and polyester coated.
