Number of children	1
No concrete required	
No surface fixation available	

Materials

Type of wood: Robinia
 Special steel spring 20 mm thick
 All metal parts are treated against rust and polyester coated
 Flower-shaped protection caps

Product Description

Spring mobile for children aged 2 to 6. The spring mobile is made up of a polyester-coated spring that is mounted onto a galvanized ground fixation. On top, a figurative sitting element in the shape of a goldfish is mounted. The goldfish is made of robinia and has orange accents. The spring is made of 20 mm thick spring steel. All metal parts are treated against rust and all nuts and bolts are completely covered with flower-shaped protection caps. The spring is designed so that you can never get clamped, not even at the heaviest load. The elasticity of the spring is calculated so that the movement comes to its right even for the little ones.
