 Round wooden poles 10 and 12 cm thickness cut outside the heart
 Metal supports are treated against rust and polyester coated
 Rubber seats on galvanized chains
 Maintenance-free swing hooks
 Galvanized metal base supports
 Plastic flower-shaped protection caps

Product Description

Wooden swing for children from 2 to 10 years. The swing is made of 2 vertical larch poles with diameter 12 cm with in between a horizontal larch pole of diameter 12 cm is fixed. The stability of the swing is guaranteed by 4 colourful polyester coated supports with a diameter of 42 mm. The rubber seats are attached to maintenance-free swing hooks using galvanized chains. The swing has the possibility to combine a cradle rubber seat with a safety seat. At the bottom, the swing has metal galvanized shell-shaped pole supports that are fixed into the ground.
