Product Description

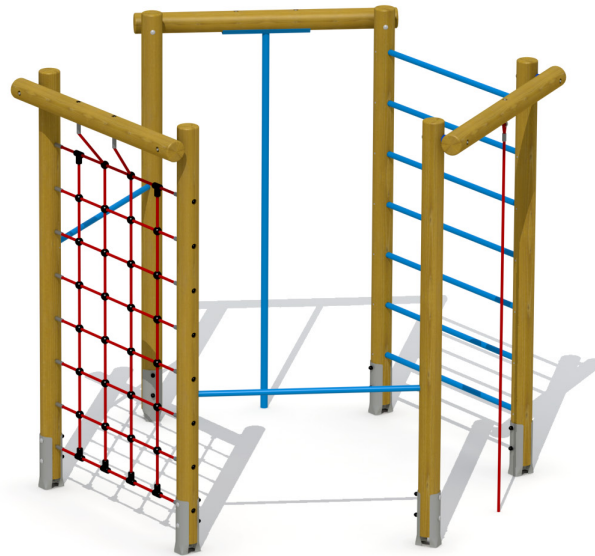

Hexagonal climbing unit for children aged 6 to 15 years. The hexagonal climber has a fireman's pole, metal climbing rungs, a climbing rope and a high and low metal gymnastic bar. The vertical roundwooden larch poles have a diameter of 12 cm, cut outside the heart, and installed directly into the ground by using metal base supports. All metal parts are polyester coated and treated against rust. All nuts and bolts are completely covered by plastic protection caps.
