 Round wooden poles 12 cm thickness cut outside the heart  
 Roof shelves with tongue and groove  
 HDPE polyethylene sheet material  
 All metal parts are treated against rust and polyester coated  
 Galvanized base supports  
 Climbing grips in plastic

### Product Description

A play house in the form of a shop for children aged 2 to 8. The house consists of a wooden floor, roof shelves with tongue and groove and 3 side panels. The house has a bar with abacus and a small side entrance. Inside there is 1 bench and 1 table. The floor and roof shelves are 22 mm thick. The side panels and front roof shelves are made out of coloured HDPE polyethylene plates. All metal parts are treated against rust and all nuts and bolts are fully covered with flower-shaped protection caps. The round wooden larch poles with diameter 12 cm are fixed into or onto the ground using metal base supports.
