 Plastic clamps

Product Description

A platform built on six poles which consists half of a house with gable roof that can be reached via an easy staircase and that can be left via a plastic slide. This construction is suitable for children aged 3 to 12. The playhouse can be combined with following add-on components: Monkey ladder (S005), Climbing Arch (S006), Rock wall (S007), Low fireman's pole (S008), Sand corner (S009), Net climber (S013), Low spiral fireman's pole (S014). The roundwooden larch poles are fixed into or onto the ground using metal base supports. All metal parts are treated against rust and polyester coated and all screws are covered with flower-shaped covers.
