 Floor boards with edge 22 mm thickness
 HDPE polyethylene sheet material 19 mm thick
 Staircase with integrated rungs of 35 mm thickness
 Plastic slide
 Galvanized metal base supports
 Plastic clamps

Product Description

A unit with one floor mounted on four larch poles for children aged 3 to 12. At the base is a playhouse with floor and on top a platform with a gable roof. The platform can be left via a plastic slide and can be reached via an easy staircase. The playhouse at the base can be provided with two supplementary benches and one table (S001). Other add-on components are bar with abacus (S003), monkey ladder (S005), climbing arch (S006), rock wall (S007), low fireman's pole (S008), sand corner (S009), net climber (S013), low spiral fireman's pole (S014) and play panels (S033-S038). The roundwooden larch poles are fixed into or onto the ground using metal base supports.

All metal parts are treated against rust and polyester coated and all nuts and bolts are completely covered with flower-shaped protection caps.
