### Materials

Wheels in HDPE polyethylene  
 Glued arches  
 Type of wood:  
 Top construction fully made from larch  
 Boards 22, 35 and 45 mm thick  
 Oak girders  
 Flower-shaped protection caps

### Product Description

Tank wagon as crawl tunnel with a peephole in the middle and a climbing ladder. The top construction is made out of larch, the girders out of oak. The tank wagon comes preassembled. It can be connected to a locomotive (T101), passenger carriage (T201) and a dining car (T400) by means of a connection bridge (T500). It can stand free on the ground without fixation. All metal parts are treated against rust and all nuts and bolts are completely covered with flower-shaped protection caps.
