Product Description

Playground equipment as viking boat which consists of 2 parts for children aged 3 to 12. The stern (ref. U200) has a steering wheel, a crow's nest with rope ladder and pirate flag, a fireman's pole, a climbing net, a climbing ladder and several extra options such as climbing arch, rock wall, net, monkey ladder, sand corner or slide. The net and ropes are made out of polypropylene rope with steel-wire reinforcement. The climbing ladder has integrated ladder rungs 40 mm thick. The basket is made with metal tubes, the cross connection is made from U-profiles. The roundwooden larch poles have a diameter of 10 and 12 cm and are fixed on or into the ground by using metal base supports. All metal parts are treated against rust and all nuts and bolts are completely covered with flower-shaped protection caps. In case of limit space, there is a possibility to choose for only the crow's nest with pirate flag and net (ref. U300) instead of the entire stern (ref. U200).
