 All metal parts are treated against rust and polyester coated
 Nets and ropes in 16 mm polypropylene rope with steel-wire reinforcement
 Plastic clamps
 HDPE polyethylene handles and climbing grips
 Stainless steel slide with HDPE polyethylene sides
 Glued arch
 Metal rungs diameter 25 mm

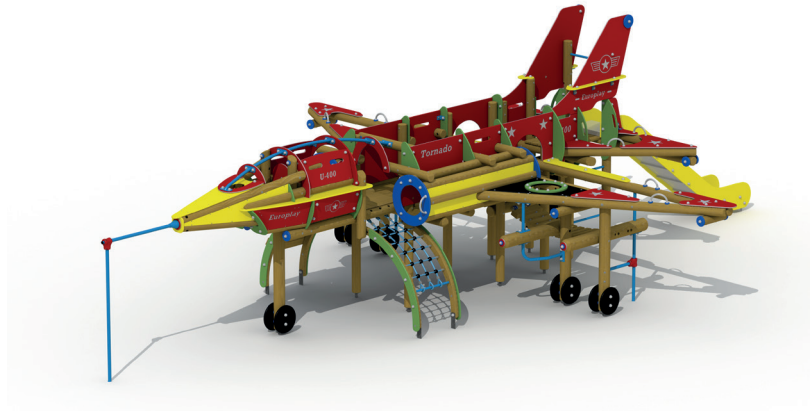

Product Description

Play equipment in the shape of a jet fighter for children aged 4 to 10. The tornado offers a wide range of play opportunities. The children can climb and clamber almost anywhere. At the front you can see a somersault. The cockpit has a control and can be reached via a climbing net or a climbing arch. At both sides of the tornado you can see a round crawl tunnel. At the back of the jet there's a wobbly footbridge, a climbing net and a climbing wall. Children can leave the tornado via a stainless steel slide. The panels are made of HDPE polyethylene. All metal parts are treated against rust and polyester coated and all nuts and bolts are completely covered with flower-shaped protection caps.
