Dimensions	1,3 x 0,6 x 1,6 m (length x width x height)

Technical Information

Maximum fall height	< 60 cm
Security zone	16 m ²
Number of children	5
Concrete required	
No surface fixation available	

Materials

Type of wood: larch and oak
Round wooden poles 10 and 12 cm
Sand bucket and wheel in plastic
Polyester-coated sand crane
Plastic tyre
Table in HDPE polyethylene
Galvanized chains

Product Description

This is the rear section of the magic dragon with sand crane and green wheel. This playground equipment is suitable for children aged 2 to 6. The round wooden poles have a diameter of 10 and 12 cm and are cut outside the heart. The vertical poles are in oak (because of the ground contact), the rest is larch. The wheel is made out of plastic, the sand crane is polyester coated. There is 1 plastic tyre and 1 HDPE polyethylene table in the entire construction. All metal parts are treated against rust and polyester coated. All nuts and bolts are completely covered with flower-shaped protection caps.
