

**1401ON**

## Description

A high lighthouse with a 10-meter tunnel slide. Non-slip platforms are located at a distance of 1 meter and lead to different types of entrances, rope ladders, climbing walls and ladders. While playing, the child practices visual-motor coordination and body balancing skills. An additional advantage of the lighthouse is a slide made of polypropylene, which does not heat up, which guarantees comfort.

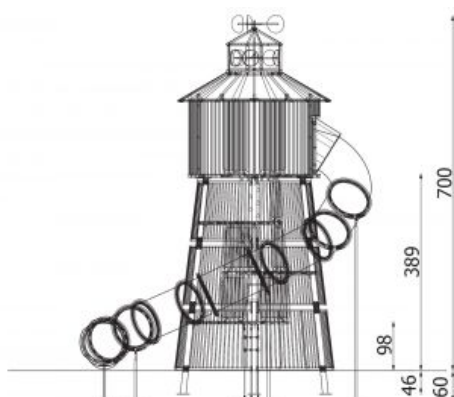

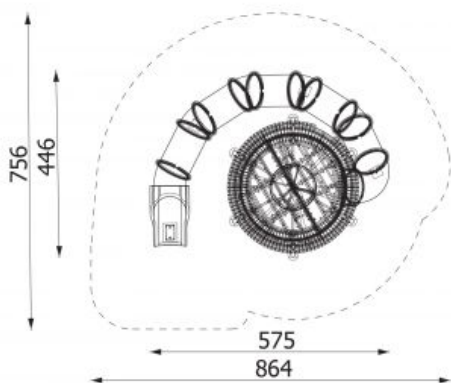

<b>Model type</b>	Solitaire
